

Study in Bavaria Summer and Winter School Programmes 2021

The Bavarian universities offer a whole range of summer and winter schools, that are thought in English! These programmes usually take place between June and September or between December and February during the semester breaks. Summer/Winter schools are a great opportunity to deepen your knowledge in an international setting, to broaden your academic network and to experience the Bavarian culture. In this brochure you will find a list of all programmes offered by the state universities in the academic year 2021.

Planning your participation in times of pandemic

To assure the safety of their students and employees, the universities might have to readjust their course offers e.g. forms of teaching (digital / on campus) or rescheduling their course offer. Please contact the organisers at the respective university and inform yourself regularly about any adjustments.

For further information, please contact the respective university.
