

## Study in Bavaria Summer and Winter School Programmes 2022/2023

The Bavarian universities offer a whole range of summer and winter schools, that are thought in English! These programmes usually take place between June and September or between December and February during the semester breaks. Summer/Winter schools are a great opportunity to deepen your knowledge in an international setting, to broaden your academic network and to experience the Bavarian culture. In this brochure you will find a list of all programmes offered by the Bavarian state universities.

### Planning your participation in times of pandemic

To assure the safety of their students, the universities might have to reschedule or readjust their course offers, especially the forms of teaching (digital / on campus). Please contact the organisers at the respective university and inform yourself regularly about any adjustments.
